

Adagio COLLECTION

Adagio Siting Chair

SKU 10AXSL

The ADAGIO collection _ our patented line of outdoor furniture _ is specifically manufactured to meet the needs of handicapped persons. Our team of designers considered some of life’s most basic activities when developing the Adagio collection _ such as being seated at a table of a comfortable height that readily accommodates a wheelchair, or when sitting in and safely rising from a stationary chair. These are but some of the daily challenges encountered by a handicapped person. Our specialized furniture line, manufactured in the USA, is the compliant solution to providing persons with handicaps easy access and use of patio furniture.
